Realfag

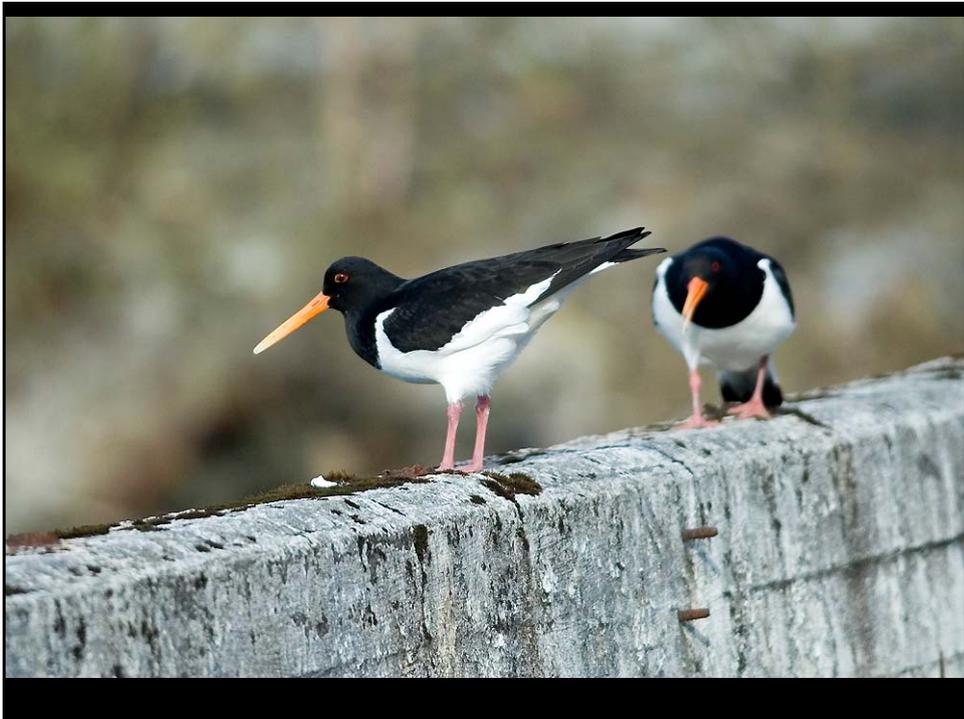

NRK

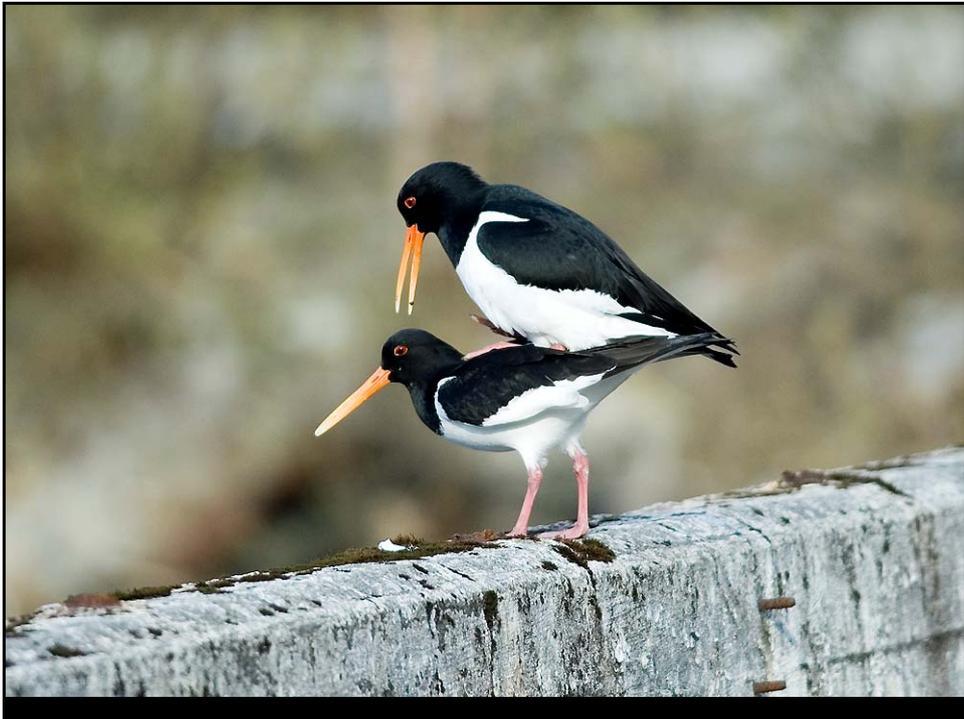

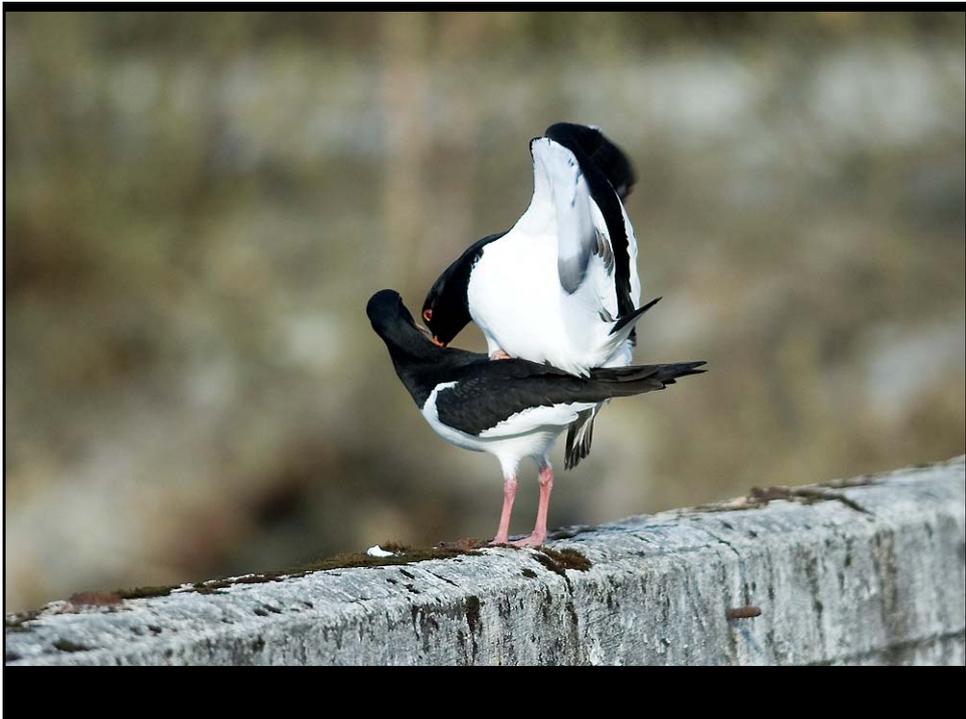

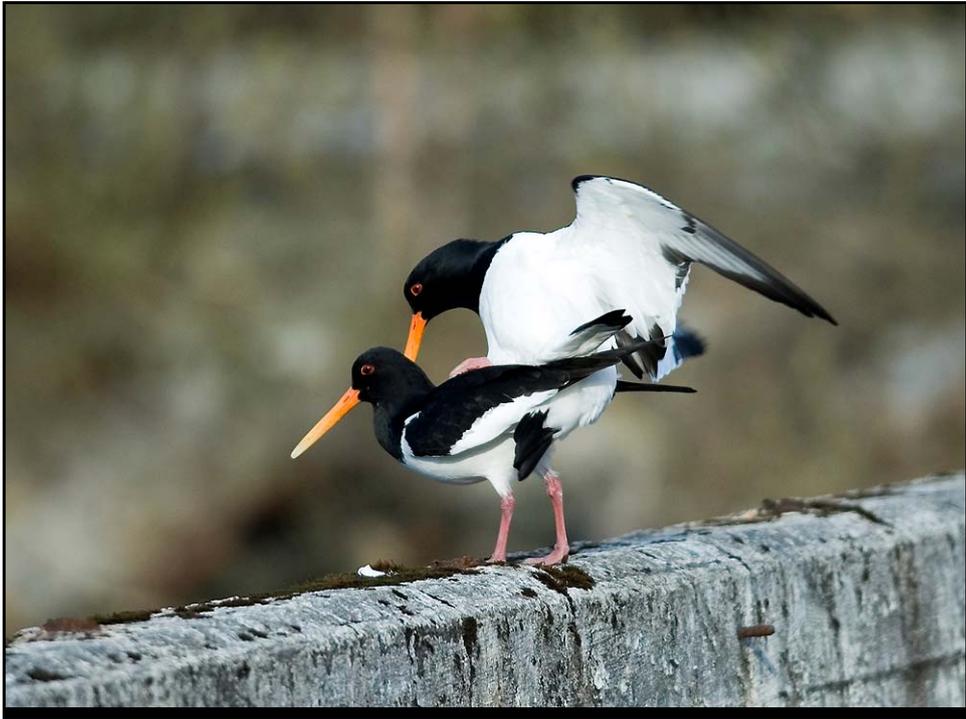

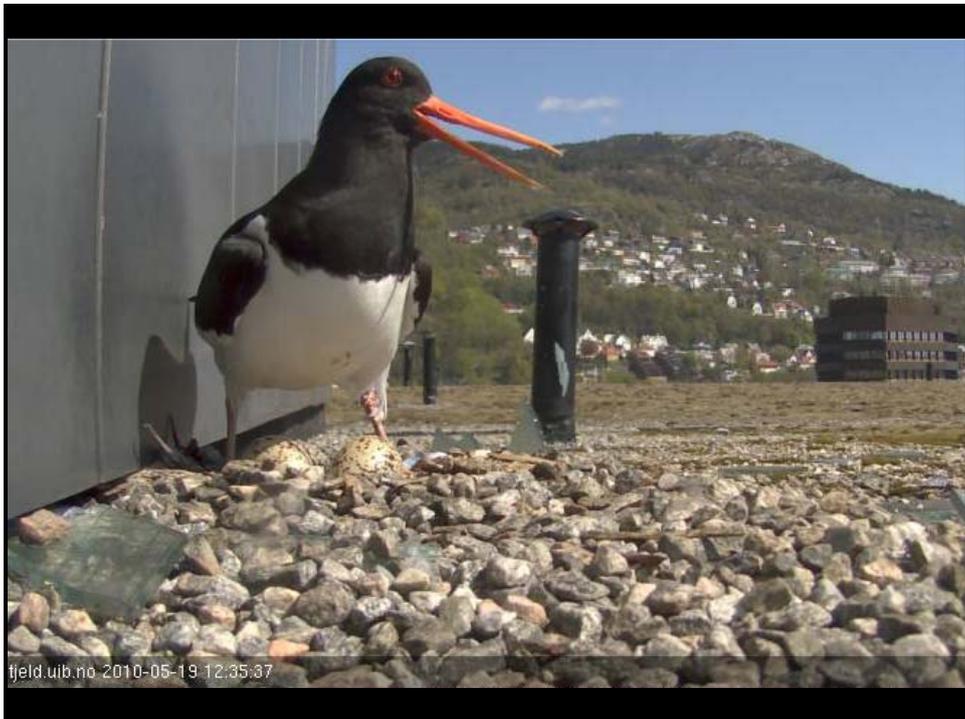

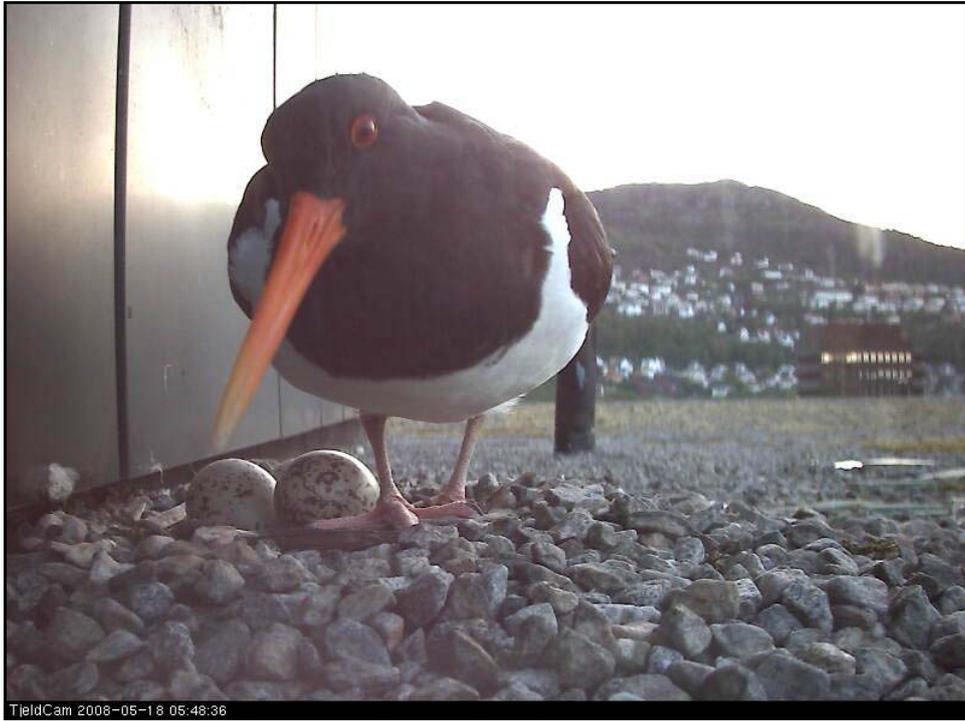

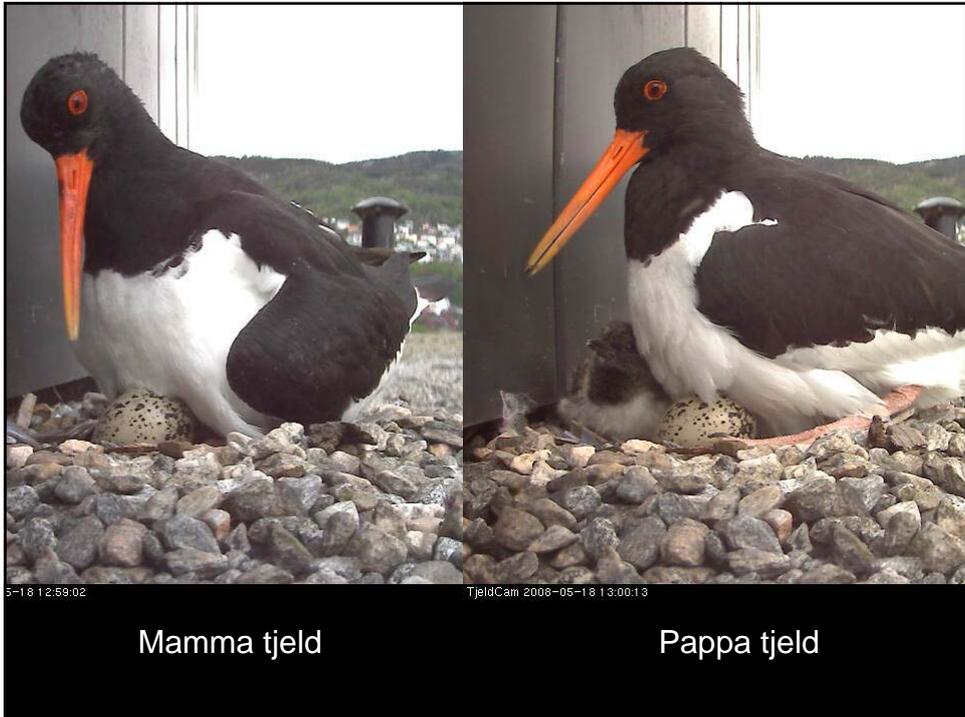

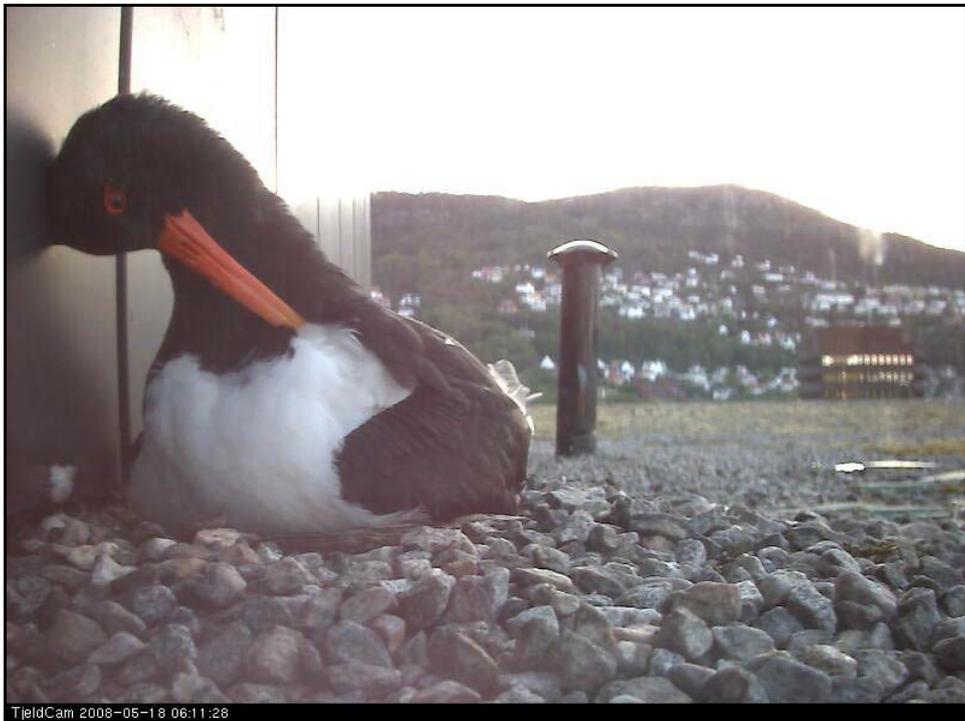

- En webserver vi låner av Thomas
- En streaming-server med opptak tjeld-prosjektet eier selv
- Axis HD webkamera med POE (vi får strøm og nett av Roar og Jan)
- CentOS på begge (ekvivalent til RedHat Enterprise Linux)

- H.264 → vlc unicast og multicast 720p
- H.264 → Wowza Media Server (kommersiell ☹)
- H.264 → WM encode by vlc → nrk.no

I VideoLAN Client:
